

MEET HANNAH

Name: Hannah Kessler

Major: Communication, focus in Public

Relations

Year: Sophomore

Favorite place on campus: Wherever the
food is

Fun Fact: I don't like pizza

Personal goal: I want to help plan a
successful career fair for Zeta!

Zeta Tuesday

I chose to be a part of Zeta because I wanted to get more involved on campus. I didn't want to just get involved in any organization though; I wanted to join something that would help me thrive professionally and personally. Zeta has given me more opportunities to get involved on and off of campus than I would have without it. It has also connected me with great people who are a great support network and friends. I believe that this organization will help me reach my goal of working for the Detroit Tigers in public relations!
