**Zeta Tuesday**

I decided to join Zeta because I did not know much about my major beyond the academic side of it. I wanted to learn more about internships and make friends. As a commuter, it was hard to be truly a part of the University, so to speak. Joining Zeta introduced me to one of my best friends and opened up so many opportunities for me. I couldn't be happier that I joined. I want to help Zeta to grow even bigger and help the whole department to become involved.
